HOLMAN IS SINKING

Venerable Congressman Unconscious But There Is Hope of a Rally.

SARCASTIC SENATOR MASON.

He Speaks of the Senate Rules as Barren—Vote on Amendment to Bankruptcy Bill Will Be Taken Today—Report on the Flood Conditions—Attorney General Pleads For Funds.

WASHINGTON, April 22.—Representative Holman had a sinking spell last evening. His condition is regarded as very critical. He has lapsed into unconsciousness, but as he has displayed remarkable vitality heretofore, the hope is expressed that he may yet rally.

SENATOR MASON.

He Creates a Breeze in the Senate by Criticizing the Rules.

WASHINGTON, April 22.—Senator Mason of Illinois made his maiden speech in the senate yesterday and signalled it by some breezy criticism on the rules of the senate. It was such a variation from the prosy debate of recent days that the senator was accorded close attention and twice received the hearty applause of crowded galleries. The speech was in support of a resolution introduced by the Illinois senator directing the committee on rules to report a rule by which debate could be closed and the previous question ordered. In this connection Mr. Mason sarcastically referred to the inaction of the senate on all great questions before it; the long and fruitless debate on Cuba; the delay of the arbitration treaty and the inability to say whether our difficulties are to be settled by arbitration or by the methods of "Corbett and Fitzsimmons."

It was time to do away with these barren rules, "I would not scuttle the old ship," exclaimed the senator, vigorously, "but I would like to put her in drydock long enough to have her bottom scraped."

Mr. Hoar of Massachusetts replied briefly, pointing out that the other branch of congress was more open to criticism than the senate. He was in accord with Mr. Mason, however, on the need of new rules. A vote was taken on Mr. Mason's motion to refer the Senate resolution to the rules committee, which prevailed, yeas 32, nays 24. A further discussion of the subject is promised as Mr. Hoar has a pending resolution to discharge the committee on rules from further considering the reform of rules. Most of the day was given to the bankruptcy bill. The vote on the substitute and amendments will be taken at 3 p. m. today. It was agreed that a committee of 15 senators should represent the senate at the coming Grant memorial ceremonies.

HOUSE PROCEEDINGS.

The chaplain of the house, Mr. Conden, in his prayer yesterday gave thanks that this nation was at peace with all others and prayed that higher and holier methods than war might prevail everywhere. He prayed for the friends of Representative Milliken of Maine, who died Sunday and whose desk was draped in black and covered with flowers. The death of Mr. Milliken was announced by Mr. Dingley and, out of respect, the house adjourned until today.

YAZOO BASIN.

Inspecting Officers Say There Will Be Very Little Destruction.

WASHINGTON, April 22.—Secretary Alger has received a dispatch from the inspecting officer at Memphis which says he has just returned from an inspection of the country between the Sanflow and Bogue Phalia rivers. Along the line of the railway, as far south as Mound Bayou, planting is in progress where land is free of water. Eighty per cent of the land usually cultivated is known as the high land. A fall of two feet will clear this high land of water. The rate of fall is at present about five inches a day. Hence in a week or 10 days the worst will be over in the upper Yazoo basin and very little destruction will have resulted. From Mound Bayou south 10 days should be added to the above estimate.

PLEADING FOR FUNDS.

WASHINGTON, April 22.—The speaker of the house yesterday received the third letter from Attorney General McKenna urging in strong terms that appropriations for the expense of the United States courts be made at once. Without special appropriation the attorney general represents that the courts must adjourn or else certificates be issued for expenses of jurors, witnesses and officers and that many persons now held in jail will have their confinements lengthened.

HOLDING THEIR OWN

Greeks Fail to Dislodge the Turks at Revini.

STUBBORNLY FOUGHT BATTLE.

Conflicting Reports as to the Result of Yesterday's Fighting—Edhem Pasha Said to Have Asked For Forty Thousand More Troops—Melouna in the Hands of Turks.

LARISSA, April 22.—The first seriously planned battle commenced yesterday. Early in the morning the Greeks under Generals Mavromichaeli and Macris, advanced against Edhem Pasha's advance guard at Revini, Boughaze and Stelias. The fighting was greatly extended and the battle raged till late in the evening with varying fortune. The Greeks were assisted by thousands of irregulars who harassed the Turkish outposts and wings, as well as participated in the general engagement. The Turks had an overwhelming superiority in numbers. They had constructed earth works and trenches everywhere and in and behind these awaited the attacks of the Greeks. On the whole they clung tenaciously to the side fences, while the Greeks attacked these again and again with the most desperate bravery.

In spite of the furious attacks still made upon them, the Greeks continue to hold the Revini and Nezeros passes. When fighting ceased it was practically a drawn battle. Crown Prince Constantine telegraphed from Larissa, the headquarters of the Greek forces in Thessaly. "We have kept all our positions and the situation today is excellent. Every road by which the Turks can descend into the Thessalian plain has been secured by the concentration of our troops. I cannot wire at greater length now. I am fighting myself. So is Prince Nicholas."

SITUATION AT TYRANNO.

ATHENS, April 22.—An official dispatch from Larissa says that the Greeks continue to defend the Matt Pass. Tyranno has been completely abandoned by its inhabitants. M. Dolyannis has received telegrams from Greek deputies at Larissa, who declare that according to the opinion of the officers the situation is not yet compromised as the positions occupied by the Turks are of secondary importance. A dispatch from Arta says that the Greeks have captured the villages of Agia, Tsaprasli, Paraski, Kiriakala, Alimbei and Janicari, all of which have been abandoned by the Turks.

A dispatch received from Commodore Kriezis, in command of the Greek squadron which has bombarded Platomena says that 500 Turks were wounded during the bombardment, but the Greeks sustained no losses. The squadron has started for Katerina.

TURKISH REINFORCEMENTS.

Edhem Pasha Has Asked For Forty Thousand More Men.

CONSTANTINOPLE, April 22.—The sitting of the military commission has been continuous since Tuesday at Yildiz Kiosk. It is reported that Edhem Pasha has asked for 40,000 reinforcements and that orders have been sent to Salonica to hasten the dispatch of the reserves to the frontier. The mobilization of 40 additional battalions has been decided upon and the enrollment of volunteers is being considered.

The sturdy resistance offered by the Greeks was wholly unexpected and the idea that the forces of Edhem Pasha would have a military promenade to Larissa has already been abandoned.

Telegrams received by the Porte from the far western provinces show that the Albanian irregulars are devastating the country in many localities, and especially along the line of route between

LETTER FROM AN AMERICAN.

Boston Man With the Insurgent Army Tells of Spanish Cruelties.

BOSTON, April 22.—William Law, formerly of Worcester, Mass., but now with the Cuban insurgent army, has written a letter to a friend in Worcester in which, under date of Jucaro, Puerto Principe, April 5, he says:

I am in the heart of the fighting. The Cubans have the best of it all through, but, of course, suffer great hardships. The entire east end of the island is absolutely controlled by them and most of the provinces of Santa Clara and Pinar del Rio, besides Havana itself is uncertain and may fall any day.

A few days ago I saw a battle between 800 Cubans and two forces defended by 1,000 Spanish troops. It took the Cubans less than 30 minutes to take them and capture all the arms and cannon. Of course war is terrible. I see brought in men, women and children who have been murdered by Spanish soldiers, whose fiendish deeds are too awful to describe. I saw last week the bodies of three beautiful little Cuban girls, aged 8, 6 and 4 years respectively, of their mother, a woman about 30, and of two old women, possibly 60 years of age, all in one heap with their throats cut.

Their war seems to be on women and children. When they meet a body of Cuban troops they scarcely wait to fight, but throw down their arms and run.

MARYLAND FRUIT.

Recent Cold Snap Played Havoc With Blossoming Trees.

BALTIMORE, April 22.—Dispatches from all parts of Maryland indicate that the recent cold snap has played sad havoc with the blossoming fruit trees and vines in this latitude. In the Maryland and Delaware peninsula a careful investigation shows that 9 buds in 10 perished, trees nearest to water suffering the least. Advice from the western counties of the state indicate fruit crop injuries in but a slightly lesser degree.

Great Loss by Frost.

NORFOLK, Va., April 22.—It is estimated that the heavy frosts have destroyed fruit and vegetables in lower Tidewater, Virginia and Eastern Carolina to the value of probably \$1,000,000.

India Relief Committee.

CHICAGO, April 22.—The machinery of the India Relief committee of which C. C. Doney is chairman, has been perfected, the membership having been enlarged by adding a representative of each co-operating organization. Efforts will be made to secure a local committee in every town in the west to aid in securing contributions of grain and cash for the sufferers of the famine.

Crew Handlers Preparing to Strike.

CLEVELAND, April 22.—The dock managers have decided to reduce the wages of crew handlers for unloading ore vessels at all the Lake Erie ports 10 per cent. Rockefeller who owns a big fleet of boats and has extensive docks at Ashtabula, accepts the reduction, but will himself take the loss, paying the ore handlers their present wages. The handlers are preparing to strike.

An imperial irade has been issued ordering the Turkish fleet to avoid a battle at sea and remain under the protection of the fortifications.

GREEK POSTS CAPTURED.

Milouna and Tyranno in the Hands of the Turks.

MILOUNA PASS, April 22.—The Greek posts at Milouna and Tyranno were captured at noon yesterday. The Turkish headquarters have been removed from Elassona to Milouna.

It is estimated that the Greek forces now in the Thessalian plain in front of Edhem Pasha and between this point and Larissa number at least 60,000, but the Greek prisoners say that their reserves are exhausted.

A military telegraphic line has been extended to Milouna, but as yet there is no postal service. From the heights can be seen huge clouds of dust in the distance, which indicate that large bodies of Greek infantry are enroute from Larissa to defend the heights not yet captured at Tyranno. But they will probably be too late. The coolness and courage of the Turks in attack are beyond praise.

Russia Wants in the Dardanelles.

BERLIN, April 22.—It is reported here that the Russian government has asked permission of the sultan for the Russian Black sea fleet to pass through the Dardanelles. The Baltic fleet is also ready to start under sealed orders.

Arranging to Go to Prison.

NEW YORK, April 22.—Stockbroker Elverton R. Chapman of the firm of Moore & Schley of this city, who will have to undergo imprisonment for 30 days at Washington for refusing to testify before the United States senate sugar trust investigation committee, will probably begin his term in a few days. He is arranging his private affairs in this city to that end.

REDUCING ITS CAPITAL.

Union National Bank of Louisville Has Decided on Such a Step.

LOUISVILLE, April 22.—The directors of the Union National bank have decided to reduce their capital stock from \$750,000 to \$500,000, with a surplus of \$100,000. The stockholders will be paid \$112 a share and in addition the 3 per cent semi-annual dividend, due July 1. The bank was organized in 1890. It has \$2,000,000 of deposits and \$1,600,000 of loans and discounts.

Brigadier General R. W. Johnson Dead.

ST. PAUL, April 22.—Brigadier General Richard W. Johnson, United States army, retired, a gallant division commander during the war of the rebellion, died at his home in this city last night of pneumonia, after an illness of only a few days. It had been thought that he was recovering when there was a sudden relapse and death came.

Don't Like the Regulation.

CINCINNATI, April 22.—From 250 to 300 employees of the Addyston Pipe company struck late yesterday against a new regulation requiring them to work by the piece instead of the day. Tuesday was the first day of the new plan, and the men claim it does them an injustice.

Mother and Daughter Dead.

SYCAMORE, Ill., April 22.—Mrs. Peter Johnson died suddenly with asthma, and her daughter, Mrs. Chauncey Guffatson, died at nearly the same time with consumption. The funerals were held at the same hour today.

Weather.

Indiana and Illinois—Partly cloudy weather, with occasional showers; warmer.

Taxing Inheritances.

ALBANY, April 22.—The senate has passed the bill taxing inheritances. The assembly has already passed the bill and it is understood that Governor Black will sign it.

New Incorporation Licensed.

SPRINGFIELD, April 22.—The secretary of state has licensed the incorporation of the National Pump company at Mound City; capital stock, \$70,000.

Graduating Exercises.

ZIONSVILLE, Ind., April 22.—The 10th annual graduating exercises of the Zionville High schools will be held tomorrow night.

CROOK DAVIS.

He Testifies Against Turnkies Newbury and Mutchler at Toledo.

TOLEDO, April 22.—Harry Davis, alias Frank Crawford, the notorious crook and alleged murderer of Policeman Baker at North Baltimore, O., who escaped from jail here several months ago and was recaptured at Denver, testified yesterday that Turnkies Newbury and Mutchler furnished him saws and a revolver, and that Newbury furnished him whisky which he drugged with morphine given him by Mutchler, which decoction Newbury drank the night Davis escaped. He said he had almost perfected plans with the turnkies whereby he was to be taken to the county treasurer's office in this city and crack the safe.

Twenty Years....
For more than twenty years we have been telling how Scott's Emulsion overcomes the excessive waste of the system, puts on flesh, nourishes and builds up the body, making it the remedy for all wasting diseases of adults and children, but it isn't possible for us to tell the story in a mere stickful of newspaper type. We have had prepared for us by a physician a little book, telling in easy words how and why Scott's Emulsion benefits, and a postal card request will be enough to have it sent to you free. To-day would be a good time to send for it.

Dr. Miles' Nervine Victorious.
Physical and Mental Exhaustion Gives
Way to Vigorous Activity.

REV. W. T. HOUCK, the talented pastor of Grace U. B. church, Carlisle, Penn., writes September 28, 1895: "I always enjoyed good health until 1892, at which time my duties as a clergyman were of a peculiarly trying nature, subjecting me to several severe nervous shocks which together with overwork and anxiety, impaired my general health and nervous system. Indeed I was in such a condition that the mere sight of a large congregation would weary me that it would require a day more for me to recover from the exhaustion. It affords me great pleasure to say that Dr. Miles' Restorative Nervine and Restorative Tonic have done me untold good. I preached three times yesterday and I feel as fresh and vigorous this Monday morning as I ever felt in my life, thanks to your remedies. Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nervous free to all applicants. DR. Commissioner Buhner objects to certain statements made by the REPUBLICAN recently concerning the Mutton creek bridge which was not included with contracts let. The REPUBLICAN desires to be fair with everyone. Commissioner Buhner says that the statement of the REPUBLICAN that he discovered "when the bids were opened that the Mutton Creek bridge had been left out" is wrong. [That he discovered this fact the day before the bids were opened, and the only reason why he had not known it sooner was because Birrell and Gibson had withdrawn everything pertaining to the letting of a contract for two other bridges on their own motion when the commissioners were not in session. This is in substance the statement of Mr. Buhner of which we are glad to give him the benefit. The fact remains however, that the contract for the Mutton Creek bridge was not let.

That E'er Ship.

AlphaCox succeeded in getting a good view of the air ship as it passed over Seymour Tuesday night and was seen by Bert Edmonson, James P. Honan and Joe F. McClellan. The cigar shaped ship's strong light is pointing its way over the tops of the houses in realistic style. Its varying effect on the boys is noteworthy. Jim is on the dead run, Joe is paralyzed with fright and Bert is flat on his back in a dead faint. Mr. Cox is to be congratulated on obtaining so good a view of the monster. The picture is now on exhibition in Mr. Cox's window and is highly appreciated by the railroad boys, especially the three who saw the ship.

Wonderful Discovery
Has Performed

There was a time—and not so very long ago—that when persons were attacked with kidney disease, and because thoroughly convinced of it, a sense of mingled anguish and horror quickly crept over them. They knew the perilous position it placed them in. Bright's disease, with all its horrors, started them in the face. Horrible vision came to them even in sleep of the dreadful ordeal they were to pass through, and many would have welcomed death at the start, once the diagnosis made it absolutely certain that they were afflicted with this disease.
How different today are their feelings, now that a handy and safe specific is obtainable at their nearest drug store. No man or woman can be so totally blind to facts as to for one moment believe that Dr. Hobbs' Sparagus Kidney Pills will not cure them, after the public test that has been made of it is remedy in Seymour for the past few weeks.
The testimonial and commendations that have appeared in the Seymour papers up to the present are but a small part of those already received, and more are coming in daily.
Never in our experience has there been such a spontaneous outpouring of praise as has greeted Dr. Hobbs' Sparagus Kidney Pills.

What Dr. Hobbs Sparagus Kidney
Pills Are Designed And

They cause the kidneys to work steadily and regularly. They dissolve and cast out brickdust and phosphate deposits and dissolve gravel and calculi in both the kidneys and bladder. They cure Bright's disease. They cause the kidneys to rapidly rid the system of the poisons of alcohol and tobacco. They yield a clear mind, sweet sleep, steady nerves, active bodies, brimful of the zest and happiness of living, bright eyes and rosy cheeks, because they keep the blood free from the poisons and impurities that would otherwise clog and irritate it. Healthy kidneys make pure blood. Pure blood makes perfect health. Perfect health makes life worth living.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result and unless the inflammation can be taken out, and this tube restored to its normal condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Props., Toledo, O. STATUTE SUSTAINED.

LAW INVOLVING THE RELOCATION OF JACKSON COUNTY SEAT VALID.

Opinion of Lower Court Sustained By the Supreme Court.—Opinion Written By Chief Justice Jordan.

Special Dispatch to the REPUBLICAN.

INDIANAPOLIS, IND., April 22.—The supreme court handed down its decision in the case involving the relocation of the county seat of Jackson county today. The court sustains the validity of the statute in all its essential features. Opinion was written by Chief Justice Jordan and concurred in unanimously by the court.

HISTORY OF THE CASE.

The law in question was enacted by the legislature of 1895, and its provisions are well understood by the people of Jackson county. The petition for a change of the county seat was filed with the county commissioners according to the provisions of the law. On the 4th of June, 1895, the commissioners dismissed the petition and refused to order the special election petitioned for.

At the August term of the Jackson circuit court a verified petition praying for a mandamus compelling the commissioners to order a special election was filed. A change of venue was obtained and the case was sent to Scott county for trial. Here the case was tried, the court finding all the material allegations of the petition to be true, and that the petitioners were entitled to the relief prayed for, and rendered judgment accordingly. A motion for a new trial was overruled, after which an appeal was taken to the supreme court, which court today rendered a decision as above stated. This decision clears the way for the final struggle.

PETITION OF 1869.

This contest for the relocation of the county seat brings to the minds of some of the older citizens many of the facts and incidents connected with a similar struggle in 1869. At the beginning of the contest then the board of commissioners was composed of James C. Wells, of Owen township, Able Findley, Jackson township, and Garrett E. Roelker, of Brownstown township. On Sept. 6, 1869, Roelker resigned and Dr. James H. Green was appointed to fill the vacancy. The circumstances surrounding his resignation were never well understood. Being on the border line he was more or less annoyed by both factors which probably made his official life unpleasant.

The petition for relocating the county seat signed by John H. McCormick, James L. Gardiner, Thomas Shields and others was considered by the county commissioners Dec. 6, 1869, and recorded at that time. The petitioners were represented before the board by Joseph E. McDonald and the anti-relocationists by Cyrus L. Dunham.

The petition contained 2458 names out of a total of 3734 cast for Walter Q. Gresham and Michael C. Kerr for congress the year before. According to the law then the petition had to contain 55 per cent. of the votes in the county. While the petition contained more than the necessary 55 per cent. the commissioners claimed that 231 of these names were also on the remonstrance. Therefore according to their way of counting the petition was thirty-two

names short of the requirement of the law. The petition was therefore dismissed and on Dec. 14, it was decided to build a new court house not to cost more than \$30,000. The contract price however was \$37,720.

The county officers at this time were Ralph Applewhite, auditor, John B. Robertson, clerk, A. A. Davison, treasurer, James W. Allen, recorder, John Scott, sheriff.

Appreciates the Republican.

A patron of the REPUBLICAN who resides in another part of the country, and appreciates reading the best paper published in Jackson county writes to us as follows:

MESSES. SMITH & REMY, Gentlemen:—The Seymour REPUBLICAN of the 15th inst. came to me this evening and was read with pleasure. It contained much news of interest to me. In fact, I don't think I ever enjoyed reading it more than this week's issue. The mechanical work was good, the editorials superb and the news extra good. Your editorial on the late D. W. Voorhees was true as life. It was good and to the point. He has been overrated as a statesman and a lawyer. But I understand from those who were intimately acquainted with him that he was a generous hearted man. He was always ready to give. He died a poor man and had chances to become wealthy but didn't improve the opportunity. Tom Reed is master of the situation in the house notwithstanding Jerry Simpson to the contrary. It is asserted he is leader of popocracy in the House but Bailey, of Texas, and McMillan, of Tennessee, are trying to ouster him out of it. Success to you my dear boys. "Bon."

The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for consumption, coughs and colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for coughs, colds, whooping cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at W. F. Peter's drug store.

CHURCH NOTES.

Rev. S. H. Huffman went yesterday to Peoria on Sunday school business.

Mrs. S. A. Boor, of New Castle, went last night to Scottsburg to organize a board of missions of the state and to attend the fourteenth district missionary convention.

The Indiana M. E. conference has 334 ministers. In its history 210 have died. Of them fifty-three were above seventy, nineteen above eighty and one above ninety years of age.

The German Lutheran Conference, of ministers and educators held in this city has been of great interest. It closes this evening and the attendants will leave for their homes. They feel grateful to our people for the hospitable manner in which they have been cared for. The good people of this city always do their full share in looking after the welfare of those who come among us to do good.

Coming to Seymour.

Mrs. James Taylor entertained the Ladies Aid Society of the Methodist church at a luncheon this afternoon at her home, No. 1121 Pearl street. Mrs. Taylor will leave in a few days for her future home at Seymour, where she will reside with her daughter Mrs. Lessie Wallick, at the Lynn Hotel.—Columbus Republican.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; as a more successful publisher than its proprietor, Mr. John P. McLean. The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

Fruit Still All Right.

Thomas W. Moody, a solid citizen and extensive fruit grower in the north part of Washington county, came here last evening to visit his daughter, Mrs. Emma Hopkins, and other relatives. Mr. Moody informed us that he made a careful examination yesterday and found the buds that are open generally killed but the other varieties are yet all right. He says the amount of buds dead is not one-tenth of his total, and that with no setback hereafter he will have a fine turnout of fruits of all kinds.

Mrs. A. Inveen, residing at 720 Henry St., Alton, Ill., suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. Dangers of the Grip.

The greatest danger from lagrippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for the grippe, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventative of that dread disease. It will effect a permanent cure in less time than any other treatment. The 25 and 50 cent sizes for sale by C. W. Milbous, druggist.

CHINESE SPLENDOR.

THE DIPLOMATIC CORPS BEFORE THE REIGNING POTENTATE.

A Formal Reception by the Emperor, Stiff Necked Ceremony in the Midst of Rich Trappings—Magnificent Temples and Palaces in the Forbidden City.

After the present emperor ascended the throne of China his government yielded the point and agreed to receive the diplomatic corps in the same manner that they are received by the sovereigns of Europe. The first ceremony of the kind, which took place on March 5, 1891, was an event in Chinese history. The members of the several legations arrived at Fu Hua, or East Flower gate of the forbidden city, at 10 o'clock on that morning in sedan chairs, each escorted by two mounted officers of the Imperial guards. They were there met by the members of the Tsung li Yamen, who conducted them to the Shih Yung Kung, the temple of the great river god, when they were offered tea and sweetmeats. An hour later they were escorted to the Ten Kuang Ko, or reception hall, a handsome building profusely decorated with gilded coverings and ornamented with gay colors. The hall is approached by eight marble steps, which lead to a broad marble terrace. Around this terrace is a balustrade supported by pillars of marble, pure white and beautifully engraved.

The emperor arrived about the same time in his chair, which was covered outside and in with yellow silk, the official button on top being gold instead of silver and the ends of the bearing poles being elaborately carved and capped with gilded dragons. The dean of the diplomatic corps, escorted by members of the foreign office, was conducted into the hall, the sides of the approach to the steps, the steps themselves and the terrace being crowded with eunuchs employed in the palace and civil and military officers whose rank did not entitle them to enter the presence of the emperor. Each member of the diplomatic corps was given a separate audience by the emperor, who was seated upon a marble throne. As they crossed the threshold they bowed, advanced three or four paces and bowed again, then advanced to a point between the two dragon pillars, where a third stop and bow were made. There a foreign carpet covered the floor of the platform, which was about three feet high.

The ambassadors and ministers stopped about 12 feet from the emperor, where they made their speeches, which were translated by an interpreter into Chinese. They then advanced and handed letters of credence to Prince Ching, who had been standing on the left of the emperor. Taking the papers, he ascended the steps, approached the table in front of the emperor and laid them upon it, not kneeling until he had deposited them. The emperor replied to the speeches in the Manchoo dialect after the diplomatists had returned to their places between the dragon pillars, his remarks being translated into Chinese by Prince Ching, sentence by sentence. The exit from the hall was made by walking backward, with bows at three places.

The sides of the audience hall were covered with inscriptions and rare paintings of enormous size. The ceiling was composed of wooden squares 14 feet in size, divided by heavy rafters, all gorgeously painted with the dragon figures. The supporting columns were of red lacquer, covered with figures of gold dragons.

On the right of the emperor stood Prince Po, on his left Prince Ko, and near him Prince Ching. The room was lined on either side by two rows of high officers of the Imperial guards and chamberlains, many being princes and dukes of the imperial family. No arms were visible except the swords worn by the emperor and the princes. The Imperial escort, bearing long red lacquered spears, with silver points and a long tiger tail, could be seen just outside the doors. They presented a picturesque appearance. On either side of the emperor was a straight stem six feet high, supporting at the top what appeared to be painted imitations of peacock tails spread out, the feathers indicating rank in China.

Lengthy inscriptions in Manchoo were engraved upon a marble plinth back of the throne. Six immense incense bowls of old cloisonne, each guarded by an immense cloisonne dragon of great value, were placed around the platform, while from the ceiling were suspended eight cloisonne lamps made during the Toa-Kuang dynasty. On the table in front of the emperor, which was covered with yellow satin, embroidered with figures of dragons, was placed the pipe of his majesty, a piece of carved jade and gold, the handle formed by the body and tail of a dragon, its mouth as the tobacco bowl.

Within the pink walls that surrounded the forbidden city are several temples and 40 or more palaces and other buildings which are occupied as residences by the emperor's immediate attendants and officers of the guard. They are all of one story and of uniform architecture, differing only in dimensions. Their exteriors are painted that peculiar white which Europeans have never been able to imitate and roofed with tiles of imperial yellow. The Fu Hua, or East Flower gate, is reached from the Tartar city by passing over a marble bridge, handsomely decorated and bearing several tablets with inscriptions that betoken long life, prosperity, happiness and other blessings. Immediately before the gates are the western gardens, handsomely laid out in the highest taste and skill in landscape architecture, and surrounding a lake that covers several acres. The nearest temple to the emperor's great river god, and there the emperor offers sacrifices to appease that disorderly jester, who is responsible for the floods which so frequently devastate the lowlands of northern China.—Chicago Record.

HOLMAN IS SINKING

Venerable Congressman Unconscious But There Is Hope of a Rally.

SARCASTIC SENATOR MASON.

He Speaks of the Senate Rules as Barren—Vote on Amendment to Bankruptcy Bill Will Be Taken Today—Report on the Flood Conditions—Attorney General Pleads For Funds.

WASHINGTON, April 22.—Representative Holman had a sinking spell last evening. His condition is regarded as very critical. He has lapsed into unconsciousness, but as he has displayed remarkable vitality heretofore, the hope is expressed that he may yet rally.

SENATOR MASON.

He Creates a Breeze in the Senate by Criticizing the Rules.

WASHINGTON, April 22.—Senator Mason of Illinois made his maiden speech in the senate yesterday and signalled it by some breezy criticism on the rules of the senate. It was such a variation from the prosy debate of recent days that the senator was accorded close attention and twice received the hearty applause of crowded galleries. The speech was in support of a resolution introduced by the Illinois senator directing the committee on rules to report a rule by which debate could be closed and the previous question ordered. In this connection Mr. Mason sarcastically referred to the inaction of the senate on all great questions before it; the long and fruitless debate on Cuba; the delay of the arbitration treaty and the inability to say whether our difficulties are to be settled by arbitration or by the methods of "Corbett and Fitzsimmons." It was time to do away with these barren rules. "I would not scuttle the old ship," exclaimed the senator, vigorously, "but I would like to put her in drydock long enough to have her bottom scraped."

Mr. Hoar of Massachusetts replied briefly, pointing out that the other branch of congress was more open to criticism than the senate. He was in accord with Mr. Mason, however, on the need of new rules. A vote was taken on Mr. Gorman's motion to refer the Mason resolution to the rules committee, which prevailed, yeas 32, nays 24. A further discussion of the subject is promised as Mr. Hoar has a pending resolution to discharge the committee on rules from further consideration of the reform of rules. Most of the day was given to the bankruptcy bill. The vote on the substitute and amendments will be taken at 3 p. m. today. It was agreed that a committee of 15 senators should represent the senate at the coming Grant memorial ceremonies.

House Proceedings.

The chaplain of the house, Mr. Conden, in his prayer yesterday gave thanks that this nation was at peace with all others and prayed that higher and holier methods than war might prevail everywhere. He prayed for the friends of Representative Milliken of Maine, who died Sunday and whose desk was draped in black and covered with flowers. The death of Mr. Milliken was announced by Mr. Dingley and, out of respect, the house adjourned until today.

YAZOO BASIN.

Inspecting Officers Say There Will Be Very Little Destruction.

WASHINGTON, April 22.—Secretary Alger has received a dispatch from the inspecting officer at Memphis which says he has just returned from an inspection of the country between the Sunflower and Bogue Phalia rivers. Along the line of the railway, as far south as Mound Bayou, planting is in progress where land is free of water. Eighty per cent of the land usually cultivated is known as the high land. A fall of two feet will clear this high land of water. The rate of fall is at present about five inches a day. Hence in a week or 10 days the worst will be over in the upper Yazoo basin and very little destruction will have resulted. From Mound Bayou south 10 days should be added to the above estimate.

Pleading For Funds.

WASHINGTON, April 22.—The speaker of the house yesterday received the following letter from the secretary of the house yesterday:

Twenty Years....

For more than twenty years we have been telling how Scott's Emulsion overcomes the excessive waste of the system, puts on flesh, nourishes and builds up the body, making it the remedy for all wasting diseases of adults and children, but it isn't possible for us to tell the story in a mere stickful of newspaper type.

We have had prepared for us by a physician a little book, telling in easy words how and why Scott's Emulsion benefits, and a postal card request will be enough to have it sent to you free. To-day would be a good time to send for it.

SCOTT & BOWNE, New York.

third letter from Attorney General McKenna urging in strong terms that appropriations for the expense of the United States courts be made at once. Without special appropriation the attorney general represents that the courts must adjourn or else certificates be issued for expenses of jurors, witnesses and officers and that many persons now held in jail will have their confinements lengthened.

National Academy of Science.

WASHINGTON, April 22.—The national academy of sciences devoted its morning session yesterday to a business meeting at which a number of matters of interest to members of the academy were disposed of. Only three officers were to be elected at the spring meeting. Professor Asaph Hall was chosen vice president; Professor Alexander Graham Bell, treasurer and Ira Remsen of Baltimore home secretary.

Releasing Tobacco.

WASHINGTON, April 22.—United States Consul General Lee has advised the state department from Havana that the Spanish authorities there have released one consignment of Cuban tobacco for shipment to a New York firm. This tobacco has been held in Havana since May last, when Captain General Weyler by a decree forbade the further exportation of tobacco from the island.

Indiana Postmasters.

WASHINGTON, April 22.—Indiana postmasters were appointed yesterday as follows: Andrews, Huntington county; Henry Kantz, Sharpshoot, Franklin county; W. H. Hart, Snyder, Franklin county; Otis Holland, Underwood, Scott county; W. H. Hosea.

HUNTER WITHDRAWS.

Caucus to Nominate His Successor Adjourned Till Tonight.

FRANKFORT, Ky., April 22.—Dr. Hunter finished writing his communication to the caucus, called at his request for 8 o'clock last night, and then left with his wife on the Chesapeake and Ohio train for Washington. He came out boldly for Deboe yesterday and all his friends are at work for Deboe, but the latter and his friends were evidently worried that the doctor should have gone away before a successor to him had been dictated by him. When the caucus met last night Chairman Jones stated its purpose and the roll was called. Two gentlemen held proxies from Mr. Morgan, one instructing that his vote be cast for Judge Holt and the other that it should be cast for Deboe. Owing to this state of affairs, after the reading of Mr. Hunter's letter of withdrawal, the caucus adjourned until tonight.

Balloting For Senator.

TALLAHASSEE, Fla., April 22.—The joint ballot for United States senator yesterday resulted as follows: Senate—Chapley, 8; Call, 6; Raney, 8; Hocker, 9; Burford, 3; Mabrey, 2; Crill, 1. House—Chapley, 8; Call, 28; Raney, 6; Hocker, 9; Burford, 4; McKay, 2; Broome, 1; Bisbee, 1.

LETTER FROM AN AMERICAN.

Boston Man With the Insurgent Army Tells of Spanish Cruelties.

BOSTON, April 22.—William Law, formerly of Worcester, Mass., but now with the Cuban insurgent army, has written a letter to a friend in Worcester in which, under date of Jucaro, Puerto Principe, April 5, he says: I am in the heart of the fighting. The Cubans have the best of it all through, but, of course, suffer great hardships. The entire east end of the island is absolutely controlled by them and most of the provinces of Santa Clara and Pinar del Rio; besides Havana itself is uncertain and may fall any day.

A few days ago I saw a battle between 800 Cubans and two forts defended by 1,000 Spanish troops. It took the Cubans less than 30 minutes to take them and capture all the arms and cannon. Of course war is terrible. I see brought in men, women and children who have been murdered by Spanish soldiers, whose fiendish deeds are too awful to describe. I saw last week the bodies of three beautiful little Cubans, aged 8, 6 and 4 years respectively, of their mother, a woman about 30, and of two old women, possibly 60 years of age, all in one heap with their throats cut.

Their war seems to be on women and children. When they meet a body of Cuban troops they scarcely wait to fight, but throw down their arms and run.

MARYLAND FRUIT.

Recent Cold Snap Played Havoc With Blossoming Trees.

BALTIMORE, April 22.—Dispatches from all parts of Maryland indicate that the recent cold snap has played havoc with the blossoming fruit trees and vines in this latitude. In the Maryland and Delaware peninsula a careful investigation shows that 9 buds in 10 perished, trees near the water suffering the least. Advice from the western counties of the state indicate fruit crop injuries in but a slightly lesser degree.

Great Loss by Frost.

NORFOLK, Va., April 22.—It is estimated that the heavy frosts have destroyed fruit and vegetables in lower Tidewater, Virginia and Eastern Carolina to the value of probably \$1,000,000.

India Relief Committee.

CHICAGO, April 22.—The machinery of the India Relief committee of which C. C. Doney is chairman, has been perfected, the membership having been enlarged by adding a representative of each co-operating organization. Efforts will be made to secure a local committee in every town in the west to aid in securing contributions of grain and cash for the sufferers of the famine.

One Handlers Preparing to Strike.

CLEVELAND, April 22.—The ore dock managers have decided to reduce the wages of ore handlers for unloading ore vessels at all the Lake Erie ports 10 per cent. Rockefeller who owns a big fleet of boats and has extensive docks at Ashtabula, accepts the reduction, but will himself take the loss, paying the ore handlers their present wages. The handlers are preparing to strike.

Conflicting Reports as to the Result of Yesterday's Fighting—Edhem Pasha Said to Have Asked For Forty Thousand More Troops—Melouna in the Hands of Turks.

LARISSA, April 22.—The first serious battle commenced yesterday. Early in the morning the Greeks under General Mavromichaeli and Macris, advanced against Edhem Pasha's advance guard at Revini, Boughaze and Stellas. The fighting was greatly extended and the battle raged till late in the evening with varying fortune. The Greeks were assisted by thousands of irregulars who harassed the Turkish outposts and wings, as well as participated in the general engagement. The Turks had an overwhelming superiority in numbers. They had constructed earth works and trenches everywhere and in and behind these awaited the attacks of the Greeks. On the whole they clung tenaciously to the side fences, while the Greeks attacked these again and again with the most desperate bravery.

In spite of the furious attacks still made upon them, the Greeks continue to hold the Revini and Nezeros passes. When fighting ceased it was practically a drawn battle.

Crown Prince Constantine telegraphed from Larissa, the headquarters of the Greek forces in Thessaly:

We have kept all our positions and the situation today is excellent. Every road by which the Turks can descend into the Thessalian plain has been secured by the concentration of our troops. I cannot wire at greater length now. I am fighting myself. So is Prince Nicholas.

Situation at Tyrnovo.

ATHENS, April 22.—An official dispatch from Larissa says that the Greeks continue to defend the Mati Pass. Tyrnovo has been completely abandoned by its inhabitants. M. Delyannis has received telegrams from Greek deputies at Larissa, who declare that according to the opinion of the officers the situation is not yet compromised as the positions occupied by the Turks are of secondary importance.

A dispatch from Arta says that the Greeks have captured the villages of Aghia, Tsapras, Panakrevi, Kiriakia, Alimbeji and Janicari, all of which have been abandoned by the Turks.

A dispatch received from Commodore Kriezis, in command of the Greek squadron which has bombarded Platamonas says that 500 Turks were wounded during the bombardment, but the Greeks sustained no losses. The squadron has started for Katerina.

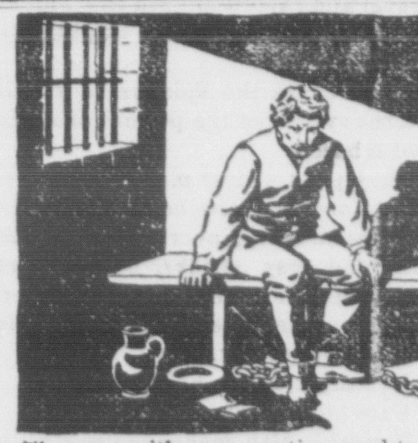

TURKISH REINFORCEMENTS.

Edhem Pasha Has Asked For Forty Thousand More Men.

CONSTANTINOPLE, April 22.—The sitting of the military commission has been continuous since Tuesday at Yildiz Kiosk. It is reported that Edhem Pasha has asked for 40,000 reinforcements and that orders have been sent to Salonica to hasten the dispatch of the reserves to the frontier. The mobilization of 40 additional battalions has been decided upon and the enrollment of volunteers is being considered.

The sturdy resistance offered by the Greeks was wholly unexpected and the idea that the forces of Edhem Pasha would have a military promenade to Larissa has already been abandoned.

Telegrams received by the Porte from the far western provinces show that the Albanian irregulars are devastating the country in many localities, and especially along the line of route between

The man with consumption used to be considered just as good as dead. His doctors condemned him to death just as surely as if he had been convicted of murder and must die on the scaffold at dawn.

All that has been changed. There is now no reason for the consumptive to despair. Dr. Pierce's Golden Medical Discovery will cure 98 per cent of all cases of consumption. That is a startling statement, but a true one. Consumption is fed by impure blood. It is an accumulation of impurities in the lungs. If the blood is made pure and filled with the purifying properties of the "Discovery" there is nothing to replace the tuberculous matter that is coughed up and expectorated. Gradually the lungs become free and clear, the lung lining becomes sound and healthy, and the disease is conquered.

Then begins the process of flesh building and soon the hollow cheeks are full, the step is firm and elastic, and health blooms in every feature and in every action.

"I was taken ill in February, 1892, with headache and pain in my back," writes R. Gaddis, Esq., of No. 313 S. J. Street, Tacoma, Wash. "I called in a doctor and he came three times. He said I was bilious, but I kept getting worse. I took a cough so that I could not sleep only by being propped in bed. My lungs hurt me, and I got so poor that I was just skin and bone. I thought I was going to die. One day I was looking in a little book of Dr. Pierce's and I saw where the 'Golden Medical Discovery' was recommended for a cough. I tried a bottle of it and it did me so much good that I tried another one and it made me sound and well, so I can recommend it to anybody. It saved my life."

GREEK POSTS CAPTURED.

Milouna and Tyrnovo in the Hands of the Turks.

MILOUNA PASS, April 22.—The Greek posts at Milouna and Tyrnovo were captured at noon yesterday. The Turkish headquarters have been removed from Ellassona to Milouna.

It is estimated that the Greek forces now in the Thessalian plain in front of Edhem Pasha and between this point and Larissa number at least 60,000, but the Greek prisoners say that their reserves are exhausted.

A military telegraphic line has been extended to Milouna, but as yet there is no postal service. From the heights can be seen huge clouds of dust in the distance, which indicate that large bodies of Greek infantry are enroute from Larissa to defend the heights not yet captured at Tyrnovo. But they will probably be too late. The coolness and courage of the Turks in attack are beyond praise.

Dr. Miles' Nervine Victorious.

Physical and Mental Exhaustion Gives Way to Vigorous Activity.

REV. W. T. HOUCK, the talented pastor of Grace U. B. church, Carlisle, Penn., writes September 28, 1895: "I always enjoyed good health until in 1892, at which time my duties as a clergyman were of a peculiarly trying nature, subjecting me to several severe nervous shocks which together with overwork and anxiety, impaired my general health and nervous system. Indeed I was in such a condition that the mere sight of a large congregation so wearied me that it would require a day or more for me to recover from the exhaustion. It afforded me great pleasure to say that Dr. Miles' Restorative Nervine and Restorative Tonic have done me untold good. I preached three times yesterday and I feel as fresh and vigorous as I ever felt in my life, thanks to your remedies. The case of Amos Rusie has attracted as much attention in sporting circles as the contentions of Jerry Simpson has caused in political circles.

HON. W. S. HOLMAN, the venerable Congressman from this district has been in a dangerous condition at his home in Washington for several days. His condition is probably more serious now than it has been, with small hopes for his recovery.

THERE are evidences all along the line of trade that promise a busy and profitable season for all merchants and dealers and the man who asks the people to trade with him is the one who will secure their patronage. No better medium for asking them than a newspaper advertisement.

Commissioner Buhner objects to certain statements made by the REPUBLICAN recently concerning the Mutton creek bridge which was not included with contracts let. The REPUBLICAN desires to be fair with everyone. Commissioner Buhner says that the statement of the REPUBLICAN that he discovered "when the bids were opened that the Mutton Creek bridge had been left out" is wrong. [That he discovered this fact the day before the bids were opened, and the only reason why he had not known it sooner was because Birrell and Gibson had withdrawn everything pertaining to the letting of a contract for the Mutton Creek bridge as well as for two other bridges on their own motion when the commissioners were not in session. This is in substance the statement of Mr. Buhner of which we are glad to give him the benefit. The fact remains however, that the contract for the Mutton Creek bridge was not let.

That E'er Ship. AlphaCox succeeded in getting a good view of the air ship as it passed over Seymour Tuesday night and was seen by Bert Edmondson, James P. Honan and Joe F. McClellan. The cigar shaped ship's strong head light is pointing its way over the tops of the houses in realistic style. Its varying effect on the boys is noteworthy. Jim is on the dead run, Joe is paralyzed with fright and Bert is flat on his back in a dead faint. Mr. Cox is to be congratulated on obtaining so good a view of the monster. The picture is now on exhibition in Mr. Cox's window and is highly appreciated by the railroad boys, especially the three who saw the ship.

HOBBS SPARAGUS KIDNEY PILLS KEEP ON CURING SICK PEOPLE.

Kidney Disease Has Been Robbed of the Horrors Heretofore Attached to it.

The Cry For Help is Quickly Answered By Dr. Hobbs' Grand Universal Specific.

Ask at Wm. F. Peter's, Druggist and Apoheary, of the cures this Wonderful Discovery Has Performed

There was a time—and not so very long ago—that when persons were attacked with kidney disease, and because thoroughly convinced of it, a sense of mingled anguish and horror quickly crept over them. They knew the perilous position it placed them in. Bright's disease, with all its horrors, stared them in the face. Horrible vision came to them even in sleep of the dreadful ordeal they were to pass through, and many would have welcomed death at the start, once the diagnosis made it absolutely certain that they were afflicted with this disease.

How different today are their feelings, now that a handy and safe specific is obtainable at their nearest drug store. No man or woman can be so totally blind to facts as to for one moment believe that Dr. Hobbs' Sparagus Kidney Pills will not cure them, after the public test that has been made of it is remedy in Seymour for the past few weeks.

The testimonial and commendations that have appeared in the Seymour papers up to the present are but a small part of those already received, and more are coming in daily. Never in our experience has there been such a spontaneous outpouring of praise as has greeted Dr. Hobbs' Sparagus Kidney Pills.

What Dr. Hobbs Sparagus Kidney Pills Are Designed And Guaranteed To Do.

They soothe, heal and cure any inflammation of the kidneys and bladder. They cure backache. They cause the kidneys to filter out of the blood all poisons and impurities whether made in the system or taken in from the outside.

They render sluggish kidneys active. They cause the kidneys to cast out the poison of rheumatism (uric acid), the disease germs of malaria and the grippe.

They cause the kidneys to keep the blood pure and clean and thus prevent neuralgia, headache, dizziness, nervous dyspepsia, skin diseases, eruptions, scales, tetter and rashes.

They cause the kidneys to work steadily and regularly. They dissolve and cast out brickdust and phosphate deposits and dissolve gravel and calculi in both the kidneys and bladder. They cure Bright's disease.

They cause the kidneys to rapidly rid the system of the poisons of alcohol and tobacco. They yield a clear mind, sweet sleep, steady nerve, active bodies, brimful of the zest and happiness of living, bright eyes and rosy cheeks, because they keep the blood free from the poisons and impurities that would otherwise clog and irritate it.

Healthy kidneys make pure blood. Pure blood makes perfect health. Perfect health makes life worth living. Do this, and do it all the time.

Dr. Hobbs Sparagus Kidney Pills do this, and do it all the time.

Deafness Cannot Be Cured.

By local applications, as they cannot
reach the diseased portion of the ear
there is only one way to cure deafness,
and that is by constitutional remedies.
Deafness is caused by an inflamed con-
dition of the mucous lining of the Eus-
tachian Tube. When the tube gets in-
flamed you have a rumbling sound or
imperfect hearing, and when it is entire-
ly closed deafness is the result and
unless the inflammation can be taken
out, and this tube restored to its norma
condition or hearing will be destroyed
forever, nine cases out of ten are caused
by catarrh, which is nothing but an in-
flamed condition of the mucous surfaces.

We will give One Hundred Dollars
for any case of deafness caused by ca-
tarrh that cannot be cured by Hall's
Catarrh Cure. Send for circulars, free.

draw it out again with the teeth. A
railroad iron weighing 360 pounds is
raised and balanced above the head.
One man tests his strength against a

STATUTE SUSTAINED.

LAW INVOLVING THE RELOCATION OF JACKSON COUNTY SEAT VALID.

Opinion of Lower Court Sustained By the
Supreme Court.—Opinion Written
By Chief Justice Jordan.

Special Dispatch to the REPUBLICAN.

INDIANAPOLIS, IND., April 22.—The su-
preme court handed down its decision
in the case involving the relocation of
the county seat of Jackson county today.
The court sustains the validity of the
statute in all its essential features.
Opinion was written by Chief Justice
Jordan and concurred in unanimously
by the court.

HISTORY OF THE CASE.

The law in question was enacted by
the legislature of 1895, and its provisions
are well understood by the people of
Jackson county. The petition for a
change of the county seat was filed with
the county commissioners according to
the provisions of the law. On the 4th
of June, 1895, the commissioners dis-
missed the petition and refused to order
the special election petitioned for.

At the August term of the Jackson
circuit court a verified petition praying
for a mandamus compelling the com-
missioners to order a special election
was filed. A change of venue was ob-
tained and the case was sent to Scott
county for trial. Here the case was
tried, the court finding all the material
allegations of the petition to be true,
and that the petitioners were entitled
to the relief prayed for, and rendered
judgment accordingly. A motion for
a new trial was overruled, after which
an appeal was taken to the supreme
court, which court today rendered a
decision as above stated. This decision
clears the way for the final struggle.

PETITION OF 1869.

This contest for the relocation of the
county seat brings to the minds of some
of the older citizens many of the facts
and incidents connected with a similar
struggle in 1869. At the beginning of
the contest then the board of commis-
sioners was composed of James C.
Wells, of Owen township, Able Findley,
Jackson township, and Garrett E. Roel-
ker, of Brownstown township. On
Sept. 6, 1869, Roelker resigned and Dr.
James H. Green was appointed to fill
the vacancy. The circumstances sur-
rounding his resignation were never
well understood. Being on the border
line he was more or less annoyed by
both factors which probably made his
official life unpleasant.

The petition for relocating the county
seat signed by John H. McCormick,
James L. Gardiner, Thomas Shields and
others was considered by the county
commissioners Dec. 6, 1869, and re-
corded at that time. The petitioners
were represented before the board by
Joseph E. McDonald and the anti
removalists by Cyrus L. Dunham.

The petition contained 2458 names
out of a total of 3734 cast for Walter Q.
Gresham and Michael C. Kerr for con-
gress the year before. According to the
law then the petition had to contain
55 per cent. of the votes in the county.
While the petition contained more than
the necessary 55 per cent. the com-
missioners claimed that 231 of these
names were also on the remonstrance.
Therefore according to their way of
counting the petition was thirty-two

names short of the requirement of the
law. The petition was therefore dis-
missed and on Dec. 14, it was decided
to build a new court house not to cost
more than \$30,000. The contract price
however was \$37,720.

The county officers at this time were
Ralph Applewhite, auditor, John B.
Robertson, clerk, A. A. Davison, treas-
urer, James W. Allen, recorder, John
Scott, sheriff.

Appreciates the Republican.

A patron of the REPUBLICAN who re-
sides in another part of the country, and
appreciates reading the best paper pub-
lished in Jackson county writes to us
as follows:

MESSES. SMITH & REMY,
Gentlemen:—The Seymour
REPUBLICAN of the 15th inst. came to me
this evening and was read with pleas-
ure. It contained much news of inter-
est to me. In fact, I don't think I
ever enjoyed reading it more than this
week's issue. The mechanical work
was good, the editorials superb and the
news extra good. Your editorial on
the late D. W. Voorhees was true as
life. It was good and to the point. He
has been overrated as a statesman and
a lawyer. But I understand from those
who were intimately acquainted with
him that he was a generous hearted
man. He was always ready to give.
He died a poor man and had chances to
become wealthy but didn't improve the
opportunity. Tom Reed is master of
the situation in the house notwithstanding
Jerry Simpson to the contrary. It
is asserted he is leader of popocracy
in the House but Bailey, of Texas, and
McMillan, of Tennessee, are trying to
euchre him out of it. Success to you
my dear boys. "Bon."

The True Remedy.

W. M. Repine, editor Tiskilwa, Ill.,
"Chief," says: "We won't keep house
without Dr. King's New Discovery for
consumption, coughs and colds. Ex-
perimented with many others, but never
got the true remedy until we used Dr.
King's New Discovery. No other remedy
can take its place in our home, as in it
we have a certain and sure cure for
coughs, colds, whooping cough, etc." It
is idle to experiment with other reme-
dies, even if they are urged on you as
just as good as Dr. King's New Discovery.
They are not as good, because this
remedy has a record of cures and be-
sides is guaranteed. It never fails to
satisfy. Trial bottles free at W. F.
Peter's drug store.

CHURCH NOTES.

Rev. S. H. Huffman went yesterday
to Peoria on Sunday school business.

Mrs. S. A. Boor, of New Castle, went
last night to Scottsburg to organize a
board of missions of the state and to
attend the fourteenth district mission-
ary convention.

The Indiana M. E. conference has 334
ministers. In its history 210 have died.
Of them fifty-three were above seventy,
nineteen above eighty and one above
ninety years of age.

The German Lutheran Conference,
of ministers and educators held in this
city has been of great interest. It
closes this evening and the attendants
will leave for their homes. They feel
grateful to our people for the hospitable
manner in which they have been cared
for. The good people of this city
always do their full share in looking
after the welfare of those who come
among us to do good.

Coming to Seymour.

Mrs. James Taylor entertained the
Ladies Aid Society of the Methodist
church at a luncheon this afternoon at
her home, No. 1121 Pearl street. Mrs.
Taylor will leave in a few days for her
future home at Seymour, where she
will reside with her daughter Mrs.
Lessie Wallick, at the Lynn Hotel.—
